ST THOMAS BECKET
Family Forum
Parents and carers working together to shape our school.

Introducing the St Thomas Becket Family Forum

Dear parents and carers,

We are pleased to introduce the **St Thomas Becket Family Forum**, a new opportunity for parents and carers to share their views, contribute ideas and work with us to help shape our school.

We know that families bring valuable perspectives and experience. The forum will strengthen the partnership between home and school, helping us understand what is working well and where we can make improvements together.

The Family Forum will be open to **all parents and carers**, whether your child has just joined Year 7 or is approaching the end of Sixth Form. You do not need any particular experience, and there is no expectation that you attend every meeting.

We plan to meet **once each half term**, with meetings lasting approximately one hour. Each meeting will focus on a particular theme, with relevant school leaders joining the discussion. Topics could include:

- Communication between school and home.
- Supporting learning and understanding your child's progress.
- Curriculum, options and future pathways.
- Enrichment, belonging and the wider school experience.

There will also be opportunities for families to suggest topics. We will share brief summaries and updates following meetings, showing how feedback has informed our work and explaining the next steps.

Our first meeting is planned for **next half term**. Before confirming the arrangements, we would welcome your views on suitable meeting times and whether you would prefer to attend in person or online through Microsoft Teams.

Please complete our short interest form:

St Thomas Becket Family Forum – Register Your Interest

You can also use the form to suggest topics and share any arrangements that would help you take part.

The forum will focus on matters affecting the wider school community. Questions or concerns relating to an individual child should continue to be raised through the usual school channels.

We hope you will join us. Your views and ideas can help us build an even stronger school community for our young people.

Yours faithfully,

STBCS Family Forum
